

ADDENDUM No. 2

AMERSON WATER TREATMENT PLANT GENERATOR FUELING SYSTEM REPLACEMENT

MACON, GEORGIA

DATE: August 13, 2026

To: All Bidders

This addendum forms a part of the Contract Documents and modifies the original Specifications and Contract Documents as noted below. Acknowledge receipt of this addendum in the space provided on the Bid Form. Failure to do so may result in disqualification of the bidder.

CLARIFICATIONS AND SPECIAL NOTICES

This addendum will address updates to the Civil set surrounding language related to an existing electrical ductbank in the project area and the correct information for the Inframark contact. See Civil sheets C2.0 and C3.0 for the revision clouds and updated language. Attached to this Addendum is the updated Civil set dated 8/11/2026.

- 1) QUESTION:** Does the MWA have a required integrator that must be used for controls integration to the existing PLC system and SCADA network?

RESPONSE: Yes, the MWA uses Inframark (MR Systems). The contact Kyle Hady, kyle.hady@inframark.com, 678-982-7227.

- 2) QUESTION:** If the MWA has a required integrator, have they been made aware of the project and bid timelines.

RESPONSE: No, they have not been made aware.

No fee adjustment shall be made for a failure to understand, or for a misinterpretation of the contract documents.
